Mr. Paul Tavel
Smithsonian Environmental Research Center
P.O. Box 28
Edgewater, MD 21037

Dear Mr. Tavel:

On June 12, 2002, I conducted an aerial survey for gypsy moth-caused tree defoliation at the Smithsonian Environmental Research Center. I am pleased to report that no defoliation was detected at, or in the vicinity of, your site.

However, if you anticipate requesting either financial or technical assistance for gypsy moth control in 2003, please contact Brad Onken or me by letter or telephone (304) 285-1541 before August 22, 2002.

Please contact me at the above number if you have any questions regarding this aerial survey letter.

Sincerely,

RODNEY L. WHITEMAN
